

CCFCU RATE DISCOUNT ACCEPTANCE FORM

You are eligible for a .25% reduction off the current interest rate established at time of your application. CrossRoads Community Federal Credit Union (CCFCU) offers this interest rate reduction with the exception to our MasterCard only if you choose to have your scheduled monthly payment automatically deducted from your CCFCU savings or checking account.

Please note that if you decline to have your payment automatically deducted from your CCFCU Credit Union account at the time your loan application is submitted, you do not have the option to change to automatic payment in order to receive the .25% rate discount.

Please indicate below which payment method you would like.

____ACCEPT I would like to have my loan payment automatically deducted from my CCFCU ____savings account or ____my checking account.

____DECLINE I do not wish to have my loan payment automatically deducted from my CCFCU account(s). I understand that I cannot request automatic payment once my loan application is submitted and will not receive the .25% discounted interest rate.
